FOREWORD

From President of Indonesian Society for Neuro-Oncology (INASNO)

Dear Colleagues,

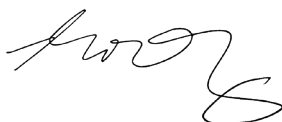

The upcoming 18th Annual Meeting of Asian Society for Neuro-Oncology (ASNO 2023) in conjunction with 3rd Scientific Meeting of INASNO will be set in the beautiful island of Bali – Indonesia, the famed island of Gods that we shall meet up. Bali is more than a place; its mood; its aspiration, whereas the Scientific Committee has prepared an exciting simultaneous 3-day Schedule on Friday - Sunday, 27 - 29 October 2023 at Hyatt Regency Hotel, Sanur, Bali – Indonesia to fully load-up on the latest and upcoming “Building Capacity for Neuro-Oncology in Asia: Existing Opportunity and Future Directions” in Neuro-Oncology. ASNO 2023 has also provided a fruitful Teaching Courses to enhance and create the new breed skilled manpower in the field of Neuro Oncology as its pre-setting on Wednesday - Thursday, 25 - 26 October 2023.

ASNO has been dedicated itself to promoting advances in Neuro-Oncology through research and every year over 300-400 medical professionals from 10 member-countries of ASNO gather, and together with worldwide invited speakers, we share knowledge and experience focusing on diagnosis, treatment, pathology, and biology of brain tumors, engage in spirited discussion and enjoy hospitality of islands of gods and friends.

With the support of Asian Neuro-Oncology Society (ASNO), SNO 2023 will be presented by world class and famous international faculty speakers to share their thoughts, perspective, and latest technology, ensuring you an exciting and interactive annual meeting. We do hopeful that ASNO 2023 can give participants widen understanding of neuro-oncology standardization; an updated and advanced knowledge concerning Neuro-Oncology to fostering high standards for the treatment of patients with cancer affecting the nervous system

The ASNO 2023 is your opportunity to influence your specialty and promote the art and science of Neuro-Oncology, raising awareness amongst doctors, scientists, and other allied healthcare professionals in this exciting field. We aim to provide plenty of opportunities to interact and network with each other for the mutual collaboration in this prestigious Event.

Warmest welcoming you in island of Gods!

FOREWORD

From Chairman of 18th Annual Meeting of Asian Society for Neuro-Oncology (ASNO) 2023

Our warmest Greetings!

Dear Colleagues and Friends,

Our sincere honor and pleasure to greet you all at the upcoming 18th Annual Meeting of the Asian Society for Neuro-Oncology (ASNO) 2023 in conjunction with 3rd Scientific Meeting of INASNO at our iconic island of Gods, Bali, Indonesia. We provide a challenging experience to load up and freshen our knowledge with the most recent updated research and information. We have prepared and will conduct an interactive symposium for three days in a row on 27th- 29th October 2023 at Hyatt Regency Hotel, Sanur, Bali – Indonesia. We also provide some great workshops to enhance your skills in Neuro-Oncology fields with conjunction event Pre-ASNO on 25th-26th October at the same venue. Our upcoming event will bring up the theme "Building Capacity for Neuro-Oncology in Asia: Existing Opportunity and Future Directions" in such an unforgettable way and new exotic experience and ambiance that we can explore in Bali – Indonesia.

Indonesia, a member country of ASNO, has been honored to host the annual meeting promoting advanced and recent studies through breakthrough research across the lands. As a developing country, this will be an excellent opportunity for over 300-400 medical professionals from 10 member- nations of ASNO to gather and explore a new perspective and updates toward neuro-oncology knowledge and technology development in Asia, especially Indonesia. We provide a new approach to the diagnosis, treatment, pathology, and biology of brain tumors, elaborate on the multi-perspective discussion, and open the opportunity to new ideas and research to be published and presented in our main event.

World-class and famous international faculty speakers will present ASNO Bali 2023 to share their thoughts, perspectives, and the latest technology, ensuring an exciting and interactive annual meeting with the support of society. We expect ASNO Bali 2023 could provide a better understanding and widen the perspective of the participants towards neuro-oncology standardization, an updated and advanced knowledge concerning Neuro-Oncology to fostering high standards for the treatment of patients with cancer affecting the nervous system.

Now is the right time for you to enroll yourself in one of the best Annual Asia-Pacific Meeting on Neuro-Oncology updates, thus promoting the art and science also raising awareness amongst doctors, scientists, and other allied healthcare professionals in this exciting field. We aim to provide plenty of opportunities to interact and network with each other for mutual collaboration in this prestigious event.

Most tremendous gratitude for your excitement towards ASNO Bali 2023

dr. Henry Riyanto Sofyan, Sp.N(K)

Given the momentum to the clinical trial course, that has been generated second part on July/August 2023 this year, ASNO will conduct the Clinical Trial Scholars Course that eligible for all Registrants of ASNO 2023 in pre-setting.

EDUCATIONAL SESSION: NEUROPATHOLOGY PROGRAM - ADAPTION TO WHO FIFTH PROGRAM

Organized by Asian Society of Neuro Oncology (ASNO), that has been continuously kept Its work force to deliver the educational Session on how to implement the most recent WHO neuropathology classification that has been known to neurologists, neurooncologists, neurosurgeons, scientists in Asia widely. With this special occasion in 18th ASNO 2023, the Organizing Committee cordially invites all the Registrants to join this educational session in pre-setting on Thursday, 26 October 2023.

ASNO 2023 EXHIBITION

The ASNO 2023 will host a scientific exhibition from Friday - Sunday, 27 - 29 October 2023 in conjunction with the scientific meeting scheduled, including the latest technology, equipment for clinical management of neuro oncology, research, and literature. The exhibition area is in Wantilan 5 Room – Hyatt Regency Hotel, Bali - Indonesia, as well as the daily coffee/tea breaks and lunch for all registrants.

KEYNOTE LECTURE

These State-of-the Art lectures will be presenting ASNO 2023 meeting with the most recognized global guest lecturers, which highlight various advances and updates in the field of neuro-oncology by international key experts from societies' members.

THEMATIC SESSIONS

These sessions include lectures and sharing experiences by key experts on related topics and some of these sessions have been organized with the participation of our industry patrons. These thematic sessions are held daily from Friday - Sunday, 27 - 29 October 2023 in plenary setting on each particular interest.

EXPERTS SESSION

A one-hour afternoon get-togethers meetings provide a productive forum of neuro-oncology issue by focusing on active interaction between panelists and participants to ensure the most advantages of the scientific session, making lasting connections within colleagues and participants who encounter similar issues.

E-POSTER PRESENTATION

Free Paper Presentations are the opportunities for registrants interested in the various field of Neuro-Oncology, who are willing to communicate the results of their research or case reports in E-Poster.

10. References are not obligatory, and the word count is affected by inclusion of references.
11. The abstract content of Research Study is four paragraphs that briefly state as follow:
 - a). BACKGROUND/OBJECTIVE: State concisely why the study was conducted.
 - b). METHODOLOGY: Indicate the locale, sample number, principal test(s) performed, and the types of statistical analysis employed.
 - c). RESULT: confirm or refute the hypothesis, supported by statistic if appropriate
 - d). CONCLUSION: State the effect of the study on future patient management or understanding of basic process
12. Abstract submission is also valid for Case Report with the content of abstract in three paragraphs that briefly state as follow:
 - a). BACKGROUND/OBJECTIVE: State concisely why this case is important to report, its novelty, and its clinical implications.
 - b). CASE: Case description
 - c). CONCLUSION: A brief summary of the clinical implications of the case, suggestions for clinical application, precautions to be taken, or topics of further research required.

HOW TO SUBMIT ABSTRACT ON-LINE

1. Visit abstract submission page <https://asno2023.com/free-paper/abstract-submission/> and fill in all the required fields.
2. Click upload button and choose the abstract's file from your local computer – we strongly recommend for word-processor software – then click "Submit" to complete the submission process

To encourage Domestic Participants of Indonesia, the Organizing Committee of ASNO 2023 decided to give 30% discount of registration ASNO 2023 for Domestic Abstract Presenters.

ABSTRACT TOPICS

The Abstract submission topics are related to this area of interest

- Neurosurgical
- Neurology
- Radiation Oncology
- Radiology
- Hematology Medical Oncology
- Pathology
- Psychiatric
- Physical Medicine and Rehabilitation
- Pediatric
- Anesthesiology and Intensive Therapy
- Clinical Pathology and Laboratory Medicine

ABSTRACT ACKNOWLEDGEMENT

- Acceptance of abstracts will be notified with email notification to the nominated email address.
- The confirmation of abstracts will be acknowledged by official email to nominated email address at the latest before **10 August 2023** after reviewed by the Free Paper Coordinator to be allocated in either oral or poster upon category; quality, clarity, and relevance for the audience, as well as the significant of paper

CURRENCY & AUTOMATIC TELLER MACHINES

Indonesian Rupiah (IDR) is the monetary unit in Indonesia. Notes come in denominations of Rp. 100.000, Rp. 50.000, Rp. 20.000, Rp. 10.000, Rp. 5.000, Rp. 2.000. Foreign currency and traveler's cheques can be converted into Rupiah at authorized money changers or banks, however some banks do not have foreign exchange dealing on Saturdays. The exchange rate is subjected to market fluctuations approximately Rp. 14.500 – 15.500. Passports are required when cashing in travelers' cheques. A nominal commissions may be charged. Many places accept credit card such as Visa and Master however we strongly advice. ATMs are everywhere, which may connects to international banking networks, so you can withdraw cash in Rupiah from your home account. Look for those affiliated with your own ATM network, noted by signage on your card and the compatible ATM.

ELECTRICITY & TELEPHONE

Electricity voltage is 220 voltage. There are two mobile phone networks: GSM & CDMA. To make international calls, the Indonesia access codes is +62 and Bali access code is +361

TIPPING

Most larger hotels and restaurants automatically add government tax and service charge of up to 21 percents to the bill. Tipping is unusual and you are not compelled to tip. However, if you like the service a tip 10-15 percents is appreciated. Carry small change with you as taxi drivers often have none. Airport or hotels porters expect tip per bag depending on the size and weight.

AROUND BALI

The shoppers among you will find Bali a treasure house of handicrafts and fine works or art. Those of you keen on delving into the island's fascinating culture will have plenty opportunities, as colorful ceremonies and traditional performances occur with the regularity of sunrise.

LOCAL TRANSPORTATION

Because of the size of the island, it is not difficult to get around Bali by various modes of transportation. The most common way of long-distance traveling for the locals is either by bus or driving a car. Tour Desk will gladly help you in reaching your destination. If you have an international license and have no problem with driving on the left lane, car rentals are also available. But if you're just traveling in a major city, you can always hail a cab, which is easy to find around.

DEPARTURE

Reconfirm your airline reservation 24 hours prior to departure. Not all international airlines require reconfirmation, but check your flight. Indonesian carriers frequently overbook due to peak seasons. Make sure you get the computer print-out from the airline office/travel agent that says you have seat. Seat assignments can not always be arranged in advanced. Arrive at the airport two hours prior to departure. An international departure tax is required in Rupiah as well as departure tax for domestic destination. Residents pay an additional fiscal tax.
